

WHY BECOME A PCS PRACTITIONER?

Helping you to develop high-performing **leaders** and **teams**.

PCS helps organisations to create their own **climate for success**. We make sure leaders fully understand their impact on performance and support team improvement activity with objective data to diagnose issues and allow for progress to be measured.

As a Practitioner we will give you the tools and the know-how to develop leaders and high-performance teams.

AS A QUALIFIED PCS PRACTITIONER, YOU RECEIVE:

Full license to purchase and deploy PCS.

Access to the PCS sales support network and technical helpdesk.

Quarterly, FREE specialist webinar events to further deepen your understanding of the tool as well as relevant industry topics.

Access to the Practitioner area of our website with full PCS reference library & marketing material.

As a Practitioner you **do not** have to pay a licence or commit to selling PCS - you simply use the tool whenever you want, with whatever relevant client you want.

PCS E-LEARNING ACCREDITATION PROVIDES:

Qualification as a PCS Practitioner.

One FREE trial PCS report to use with a client of your choice, worth **£600**.

Access to the extensive PCS learning library including videos, case studies and podcasts to support your learning journey.

One FREE, personal coaching session with a PCS Master Practitioner to reinforce your learning and ask more specific questions.

12-months access to the growing PCS e-learning site to refresh your learning and update your knowledge.

The e-learning qualification with additional support and resources costs just **£495 incl. VAT** per user. Start your journey today by visiting:
